**FOR**  
**MARBLE, GRANITE**  
**AND**  
**STONE PROCESSING**

# Multi Wire Block Cutter Machine

- **Brand:** Bidese
- **Origin:** Italy
- **Product:** Granite Slabs
- **Capacity:** 2000 Square ft per shift.
- **Features:**
  - Diamond wires with various diameters.
  - Lower wire vibrations while cutting, leading to higher cutting quality and finishing.
  - Cutting quality always the best and down feed is always the fastest.
  - Greatest versatility in the thickness cutting sequence.
  - Thickness variety of 1 cm, 3 cm and 5 cm

# Multi-Blade Block Cutter

- **Brand:** Pedrini
- **Origin:** Italy.
- **Product:** Granite Strips up to 60cm wide
- **Capacity:** 1500 Square ft per shift
- **Features:**
  - Large cutting stroke.
  - Ensures precise cuts even with the maximum lowering speed.
  - Accurate Cutting width of granite strips.
  - Thickness variety of 1 cm; 2cm and 5 cm.

# Mono-Wire Saw

- **Brand:** Pellegrini
- **Origin:** Italy.
- **Product:** Blocks
- **Capacity:** 1500 Tons per month
- **Features:**
  - Dresses Blocks and Cuts Slabs with efficiency & Far Better Accuracy than the current Domestic or Chinese stone processing.

# Gangsaw

- **Brand:** Gasapri Menotti
- **Origin:** Italy.
- **Product:** Marble Slabs
- **Capacity:** 1000 Square Ft per shift
- **Features:**
  - Sturdy, reliable & coherent with modern sawing requirements.
  - Higher production levels
  - Sturdy steel racks allow no movement damaging to the sawing.
  - Sliding blocks run on stainless steel rails - a simple and highly reliable system

# Mono-Blade Gangsaw

- **Brand:** Barsanti
- **Origin:** Italy.
- **Product:**
- **Capacity:** 1000 Tons per month
- **Features:**
  - Seasoned and legendary Italian brand
  - Automatic connecting rod with rectilinear motion to cut granite blocks into slabs.

# 22 Head Granite Polishing Line

- **Brand:** Barsanti
- **Origin:** Italy.
- **Product:** Polished Stone Slabs
- **Capacity:** 4000 Sqr Ft per shift
- **Features:**
  - 22 Header Granite Polishing Line
  - Can work on up to 2200 mm width
  - Italian Standard Finish.
  - Fully Automated with Robotic Functions.
  - Motorized roller table,
  - Wax machine
  - Automatic Plastic Film Dispenser

# Bridge Saw Cutter - I

- **Brand:** Terzago
- **Origin:** Italy.
- **Product:** Re-sized Tile / slabs
- **Capacity:** 1000 Sqr Ft per shift
- **Features:**
  - Laser alignment;
  - Multi thickness variety of slabs / tiles.

# Bridge Saw Cutter - II

- **Brand:** Campagnola e Fedeli
- **Origin:** Italy.
- **Product:** Re-sized Tiles/ Slabs
- **Capacity:** 1000 Sqr Ft per shift
- **Features:**
  - Designed and built to satisfy the most demanding challenges of stone processing and shaping.

The cutting head is suitable for fast and precise cutting operations.

# Tumbling Machine

- **Brand:** Rösler
- **Origin:** Italy.
- **Product:** Pebbles/Cobble Stone
- **Capacity:** 20 Ton per shift
- **Features:**
  - Uses Italian Abrasers
  - Brightly cleaned parts surface achieved in short cycle times.
  - Highly consistent finish.

# Stone Splitting Plant

- **Brand:** MEC
- **Origin:** Italy
- **Product:** Curbs, Cobblestones, Paving Stones.
- **Capacity:** 20 to 25 Tons per day
- **Features:**
  - Works automatically for production of several size pieces
  - The application and the finish product can be depending on the production requirements of each customer.
  - The most ideal solution with adequate feeding system and automatic control system

# CNC Machine

- **Brand:** CMS Brembana
- **Origin:** Italy.
- **Product:** Carvings, Shaping, Engravings, Beveling etc.
- **Features:**
  - Produces carving, engraving and shaping jobs with precise accuracy to the CAD design input electronically through computer.
  - Delicacy and Finesse of curves & angles finely transferred to stone.
  - Can bring into existence almost ANY STONE IDEA
